“Failure is [not the same as] falling down. It is refusing to get up when you have fallen. Grace always lifts us up. The only way you can become a failure is to abandon the empowering grace God has for you in your learning process. So instead of running from it, turn towards it. On the days you fail, you’ll find Him as your Teacher, waiting for you... not shaking His finger in your face, but with a smile that invites a more excellent conversation.”
